- Music

What drives me

+ innovation

+ creativity

+ curiosity

+ feedback

+ flexibility

+ socializing

- routines

- monotony

Experience

UX designer

Queima Diária (05/2022~atualmente)

I promoted **discovery research**, obtaining data and understanding necessities. In addition, I **ideated solution hypotheses** with UI designers, UX writers and developers, to then take them and present them to the company's main stakeholders.

Product Designer

dti digital (02/2021~04/2022)

I conducted **discovery journeys** for clients, as well as **user surveys**, **prototyping** and **hypothesis validation**. In addition, I collaborated in bringing **product vision** and the **value of user experience** to clients and stakeholders.

Content creator and UX designer

NABORSocial (2014~2019)

I was responsible for the company's website conception, adopting practices learned in **UX design studies**. Furthermore, I was in charge of **writing articles** for the company's **blog** and **social media** accounts, applying **SEO** techniques, **design**, layout and **content planning**.

Teacher assistant

Escola Educação Criativa (2011); Centro Federal de Educação Tecnológica de Minas Gerais (2016~2019)

After high school, I started **teaching** Physics and Mathematics at the school where I studied. In college, I was **selected for four years** in a row (after a test and interview) to teach Physics at the institution.

Education

Courses in UX design

Interaction Design Foundation, Skillshare, Aquent Gymnasium, LinkedIn

Bachelor's degree in Computer Engineering

Centro Federal de Educação Tecnológica de Minas Gerais (05/2013 ~ 04/2021)
